Manhattan Associates currently intends to publish, in each quarterly earnings release, certain expectations with respect to future financial performance. These statements are forward-looking. Actual results may differ materially, especially in the current uncertain economic environment. These statements do not reflect the potential impact of mergers, acquisitions or other business combinations that may be completed after the date of this release.

Manhattan Associates will make its earnings release and published expectations available on its Web site (www.manh.com). Beginning September 16, 2011, Manhattan Associates will observe a "Quiet Period" during which Manhattan Associates and its representatives will not comment concerning previously published financial expectations. Prior to the start of the Quiet Period, the public can continue to rely on the expectations published in this 2011 Guidance section as still being Manhattan Associates' current expectation on matters covered, unless Manhattan Associates publishes a notice stating otherwise. During the Quiet Period, previously published expectations should be considered historical only, speaking only as of or prior to the Quiet Period, and Manhattan Associates disclaims any obligation to update any previously published financial expectations during the Quiet Period. The Quiet Period will extend until the date when Manhattan Associates' next quarterly earnings release is published, currently scheduled for the third week of October 2011.

CONFERENCE CALL

The Company's conference call regarding its second quarter 2011 financial results will be held at 4:30 p.m. Eastern Time on Tuesday, July 19, 2011. Investors are invited to listen to a live webcast of the conference call through the investor relations section of Manhattan Associates' website at www.manh.com. To listen to the live webcast, please go to the website at least 15 minutes before the call to download and install any necessary audio software. For those who cannot listen to the live broadcast, a replay can be accessed shortly after the call by dialing +1.800.642.1687 in the U.S. and Canada, or +1.706.645.9291 outside the U.S., and entering the conference identification number 76885827 or via the web at www.manh.com. The phone replay will be available for two weeks after the call, and the Internet broadcast will be available until Manhattan Associates' third quarter 2011 earnings release.

GAAP VERSUS NON-GAAP PRESENTATION

The Company provides adjusted operating income, adjusted net income and adjusted earnings per share in this press release as additional information regarding the Company's operating results. These measures are not in accordance with – or an alternative for – GAAP, and may be

different from non-GAAP operating income, non-GAAP net income and non-GAAP earnings per share measures used by other companies. The Company believes that the presentation of these non-GAAP financial measures facilitates investors' understanding of its historical operating trends, because it provides important supplemental measurement information in evaluating the operating results of its business, as distinct from results that include items that are not indicative of ongoing operating results. The Company consequently believes that the presentation of these non-GAAP financial measures provides investors with useful insight into its profitability. This release should be read in conjunction with its Form 8-K earnings release filing for the quarter ended June 30, 2011.

The non-GAAP adjusted operating income, adjusted net income and adjusted earnings per share exclude the impact of acquisition-related costs and the amortization thereof; the recapture of previously recognized sales tax expense; and equity-based compensation – all net of income tax effects and unusual tax adjustments. In addition, the Company's forward-looking non-GAAP adjusted earnings per share included with its 2011 Guidance excludes all equity-based compensation expense. Reconciliations of the Company's GAAP financial measures to non-GAAP adjustments are included in the supplemental information attached to this release.

(a) Beginning in 2011, to be consistent with other companies in the software industry, we began to report adjusted results excluding all equity-based compensation. The equity-based compensation is included in the following GAAP operating expense lines for the three and six months ended June 30, 2011 and 2010:

	Thi	ree Months I	Ended J	une 30,	S	ix Months E	Ended June 30,

Total equity-based compensation	\$	2,405	\$	2,502	\$	4,814	\$	5,087		

⁽b) Adjustments represent purchased intangibles amortization from prior acquisitions. Such amortization is commonly excluded from GAAP net income by companies in our industry and we therefore exclude these amortization costs to provide more relevant and meaningful comparisons of our operating results to that of our competitors.

- (c) Adjustment represents recoveries of previously recorded state sales tax resulting primarily from the expiration of the sales tax audit statutes in certain states. Because we have recognized the full potential amount of the sales tax expense in prior periods, any recovery of that expense resulting from the expiration of the statutes or the collection of tax from our customers would overstate the current period net income derived from our core operations as the recovery is not a result of any event occurring within our control during the current period. Thus, we have excluded these recoveries from adjusted non-GAAP results.
- (d) Adjustments represent tax benefit from disqualifying dispositions of incentive stock options that were previously expensed. As discussed above, we excluded equity-based compensation from adjusted non-GAAP results to be consistent with other companies in the software industry. Therefore, we also excluded the related tax benefit generated upon their disposition.

⁽a) Our subsidiary in India had a tax holiday under Software Technology Park of India Plan through March 2011. Late in the first quarter of 2011, the tax authorities in India announced that the tax holiday would not be extended. This decision eliminated uncertainty as to our ability to realize a tax credit carry-forward and other deferred tax assets. Therefore, we released the corresponding valuation allowance of approximately \$2.0 million.

8. Beginning in 2011, to be consistent with other companies in the software industry, we began to report adjusted results excluding all equity-based compensation. Historically, our adjusted results did not exclude restricted stock expense. See note 1 above for the other reconciling items between our GAAP and adjusted results. The impact of restricted stock expense on our GAAP and Adjusted Results is as follows (in thousands except per share amounts):
